Overview

Gilkes has an exciting opportunity for an enthusiastic & motivated **Quality Engineer** to join us at our Kendal facility.

Reporting to the Head of Compliance, you will be responsible for maintaining Gilkes' quality systems in accordance with ISO 9001 and IATF 16949. You will play a crucial role in promoting and implementing quality improvement.

Responsibilities

- Maintain Gilkes' Business Management System
- Management & administration of the Material Review Board (MRB)
- Design & implement quality procedures
- Perform Product & Process audits
- Perform MSA & Process Capability Studies
- Gather, analyse & interpret data to improve product & process quality
- Administration of and participation in customer complaint investigations

Person Specification

Gilkes is looking for a courteous & professional team player who can bring energy & positivity to the Quality role.

With a solid work ethic and a can-do attitude, diligence & reliability will be essential in providing quality support to other departments.

The Role

The Quality Engineer plays a crucial role in maintaining & promoting a Quality culture.

The role has the following key elements:

- **Improvement** - actively promoting product & process improvement
- **Auditing** - performing regular audits in line with audit plan
- **Collaboration** - working with internal stakeholders to ensure Quality standards are upheld

Expectations

- Contribute to & share responsibility for Gilkes' Business Management System
- Represent Gilkes positively & appropriately
- Uphold the Company's code of Conduct

Experience/personal skills

- HNC in an Engineering discipline
- Professional exposure to a manufacturing environment
- Experience in Quality Systems Auditing
- At least 2 years' experience in a Quality role
- Advanced levels of numeracy & literacy

To apply, please forward your CV to recruitment@gilkes.com. We reserve the right to close this vacancy early if we receive sufficient applications for the role.

Background

Gilkes delivers innovative, single source solutions to the Small Hydropower & High Horsepower Engine markets.

Working meticulously with our customers to ensure the very best in product design, total cost of ownership & operational excellence, our range of hydropower turbines and engine cooling pumps deliver solutions to meet the most demanding of technical specifications and environments.

With international credentials earned in over 85 countries, a Royal Warrant and over 165 years of design and manufacturing experience behind us, we are small enough to be agile and responsive, whilst large enough to have the technical and engineering competence needed to be one of the world's leading brands.

Headquartered in Kendal in the English lake district, Gilkes is an independently owned business with circa 160 employees across the world.

We have manufacturing sites in Kendal and Houston, Texas as well as a sales office in Tokyo, Japan.

Our Purpose

Our values-based approach has been shaped from a 165 year heritage as a family-owned business. We believe in developing ethical business relationships with a positive environmental focus that bring about long-term sustainable success. Our people are committed to ensuring that Gilkes' products make a meaningful difference & provide a platform for the transition to a low carbon economy.

People & Culture

We strongly believe that our people are the ultimate differentiator & are at the heart of everything we do. It is their passion, creativity, hard work & dedication that enables Gilkes to grow & prosper.

Gilkes invests in its people & in developing a positive organisational culture.

Our four key values are:

- Teamwork
- Integrity
- Excellence
- Commitment

Current Position & Context

Gilkes is moving fast to adapt to an ever changing economic environment, ensuring we continue to be relevant in our chosen markets.

The organisation recently carried out a strategic review & adjusted its cost base in response to the pandemic.

Pumps is seeing growth & we have had huge interest in our new small marine pump from all of the big players including Caterpillar, Volvo, Scania & John Deere.

The small Hydro market is trending towards energy recovery & we are well placed to fully exploit this with our current product portfolio.

The Hydro aftermarket, especially in the UK, offers real growth prospects for Gilkes and we are aligning Service, Modernisation and Electrical to take full advantage of these opportunities.

Our Business Model & Strategy

<p>What we do...</p> <p>We leverage opportunities through our expertise, dedication & agility</p>	<p>Client Acquisition & Development</p> <ul style="list-style-type: none"> • Our customer-facing teams build & maintain a dialogue with clients based on openness & transparency • We build & maintain our customer relationships based on ethical behaviour 	<p>Project Delivery</p> <ul style="list-style-type: none"> • Our aim is to deliver projects 100% on-time-in-full • A formal process exists to ensure the most efficient use of resources & competencies 	<p>Product Life Cycle Management</p> <ul style="list-style-type: none"> • We actively manage & support our products as they transition through their life cycle from New >> Spares >> Service >> Refurbishment
